Notifications by the Government of His Highness the Maharaja of Mysore.

GENERAL AND REVENUE.

Circular Order No. Fl. 7215-55—S. & A. 484-08-1, dated 7th May 1909.

To—The Deputy Commissioners of Districts and other Heads of Departments and Heads of Offices.

From the list of pending pension cases for several quarters past, the Government of His Highness the Maharaja observe that the various Government orders* pointing out the necessity of early disposal of pension cases by officers through whom such cases have to pass, have not produced the desired effect. The number of petitions received in the Comptroller's office from retired officials complaining of the long delay in the settlement of their pension claims, points to the same conclusion.

*Progs. No. 1391-50—P. & A. 1216, dated the 18th March 1903.
" " P. & A. 196-235, dated the 11th August 1903.
" " Fl. 7964-8003—S. & A. 662-04-6, dated the 22nd May 1905.
" " Fl. 4684-728—S. & A. 278-06-1, dated the 20th December 1906.
" " Fl. 2354-94, dated the 21st November 1908.
" " Fl. 6548-88, dated the 10th April 1909.

2. The Government of His Highness the Maharaja consider this state of affairs to be exceedingly unsatisfactory and they desire to state that in future the Heads of Offices and the Heads of Departments will be held personally responsible for avoidable delays in this connection. With a view to the speedy disposal of pension applications, the following instructions are now repeated :—

(1) The chief cause for the delay in the settlement of a pension claim is that due to the time taken in the verification of the services of non-gazetted officers. Special attention should, therefore, be given to the instructions contained in many of the orders referred to in para 1 regarding the correct posting of service registers and keeping them up to date. With the service registers properly maintained, delay may be entirely obviated in most cases by adopting the procedure of preliminary verification provided in Article 489 of the Mysore Service Regulations. It is requested that Heads of Offices will adopt this procedure in future in all cases in which it is possible to do so.

(2) Another cause for delay is that pension cases are not, in most cases, sent with complete details to the Comptroller's office and that they have to be returned once or more for additional information or corrections, etc. Before despatching an application for pension or gratuity to the Comptroller's office, the Head of an office should invariably satisfy himself that the application has been prepared in conformity with the instructions laid down in the Mysore Service Regulations. If this is done, much of the delay that is at present complained of will be avoided.

(3) Pension applications should not be dealt with as papers in the ordinary course, but their disposal as well as subsequent references from the Comptroller's office should be regarded as *urgent*.

3. If Heads of Offices and controlling officers pay proper attention to the subject, much of the delay and hardship complained of will disappear. But as it is desirable absolutely to put an end to the present intolerable state of things under which retired officials do not get their pensions for months together and in some cases even for years after their retirement, the Government of His Highness are pleased to direct that the Head of every office shall furnish the Comptroller within fifteen days from the date of retirement of any person employed in that office with—

(1) an advance copy of the first and second pages of the pension application prepared with the fullest information that can be obtained regarding service, without delay,

(2) a duplicate last-pay certificate, and

(3) an explanatory memo of doubtful points in connection with the service.

In the case of Heads of Offices subordinate to a departmental controlling officer, the above papers should pass through the Head of the Department, who should pass them on to the Comptroller within one week of their receipt in every case with his remarks, if he has any to offer.

4. The Comptroller will thus have sufficient materials for the grant of an anticipatory pension in every case within one month of the officer's retirement and

such pensions should be freely granted. The applicant should also be distinctly told at the time of retirement by the Head of his office that he should apply to the Comptroller for an anticipatory pension if he wants payment of pension at once. The Comptroller cannot at present freely exercise his powers of granting anticipatory pensions though some retired officials apply for it, as the necessary information is not available without reference to the Head of the Office and without considerable delay in many cases.

5. The fact of the grant of an anticipatory pension should in no way delay the submission of the formal application which should be done under standing orders within three months at the most of an officer's retirement.

By Order,
J. S. CHAKRAVARTI,
Financial Secretary.
